About HIKE

With 17 years of extensive experience, we specialize in manufacturing high-quality induction equipment and undertaking end-to-end kitchen projects. Our expertise spans design, production, and implementation, ensuring innovative and efficient solutions tailored to meet the diverse needs of our clients.

HIKE has successfully designed and manufactured customized commercial induction cooking solutions. By localizing production, we have created innovative, flame-free kitchen equipment that is not only eco-friendly and energy-efficient but also safer and easier to operate. Our cutting-edge technology ensures a hazard-free cooking experience, extended equipment lifespan, and a cleaner, greener kitchen environment. Our products are crafted using state-of-the-art machinery under the guidance of highly skilled and experienced professionals. Each product undergoes rigorous quality checks to ensure reliability, durability, and top-tier performance. Additionally, we offer customizable options to meet the diverse needs of our clients.

At HIKE, we recognize that one of the leading contributors to pollution, global warming, and workplace accidents is the burning of LPG, firewood, coal, and diesel. The combustion of these fossil fuels releases toxic gases, which not only harm the environment but also pose serious health risks to individuals working in such conditions. Our innovative solutions aim to eliminate these hazards by promoting cleaner, safer, and more sustainable cooking technologies.

Our Vision

Our vision is to revolutionize cooking with flame-free, eco-friendly induction equipment that delivers over 40%* energy savings compared to conventional heating methods.

"Join us in building a cleaner, greener tomorrow."

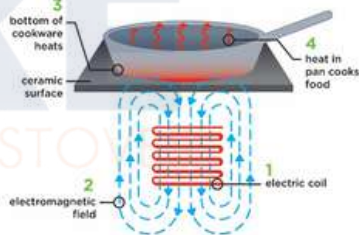

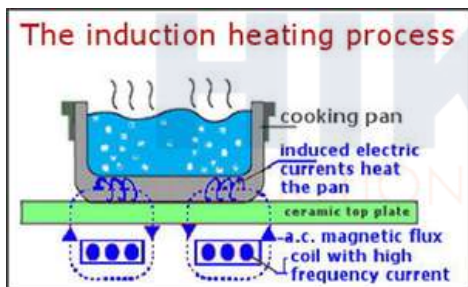

HIKE Induction Technology

Induction cooking represents a cutting-edge advancement in kitchen technology, fundamentally different from traditional cooking methods. Instead of generating heat and transferring it to the cookware, induction technology turns the cooking vessel itself into the direct source of heat.

This method offers faster cooking times, greater energy efficiency, and more even heat distribution compared to conventional thermal conduction. It also provides precise temperature control similar to gas stoves. Induction cooktops deliver performance on par with commercial LPG burners but consume significantly less energy. Since the cooktop surface only gets heated through contact with the cookware, it remains much cooler, reducing the risk of burns. This also allows for precise roasting and cooking temperature control, as the heat stays concentrated in the pot rather than spreading to the surface. Additionally, built-in safety features ensure the element shuts off if no compatible cookware is detected.

Unlike gas burners or traditional electric stoves that lose significant heat to the surrounding air, induction cooking directs energy straight into the cookware, maximizing efficiency. Since there are no open flames or hot coils, very little heat escapes into the kitchen environment. The cooling system beneath the cooktop gently disperses excess warmth from the electronics without overheating the space. Cleaning is also effortless, thanks to the smooth, flat surface that prevents food from burning or sticking.

Working Principle of Induction Technology:

Commercial Induction Kitchen Equipment's

HIKE specializes in manufacturing commercial induction kitchen equipment designed for large-scale cooking in industrial canteens, IT companies, temples, hotels, resorts, airport cafeterias, hospitality and institutional canteens, catering services, malls, and railway canteens. The induction stoves are built to handle high-volume cooking while ensuring efficiency and reliability. Each product undergoes rigorous quality testing and is recognized for its durability, versatility, and high performance.

INDUCTION STOVES

INDUCTION STOVES

Commercial Induction Bulk Cook Top 5 kW

Model: HIKE-BC 5kW

Product Details

- Capacity: 35 ltr
- Power: 5kW
- Voltage: 220V, 1 Phase
- Brand: HIKE
- Body: Stainless Steel
- Top : Ceramic
- Equipment Size: 550 × 550 × 550 mm
- Warranty: 1 Year Service Warranty
- Recommended MCB : 32A
- Wiring From DB : 3 Core, 4Sq MM Wire
- Only SS430 grade vessel will work in this induction
- Ceramic cracking will not be considered in free service

Ideal: (Only vessel based cooking),Milk Boiling,Rice Cooking,Coffee Making,Bulk Tea Making

Commercial Induction Bulk Cook Top 8 kW

Model: HIKE-BC 8kW

Product Details

- Capacity: 50 ltr
- Power: 8-10kW
- Voltage: 440V, 3 Phase
- Brand: HIKE
- Body: Stainless Steel
- Top : Ceramic
- Equipment Size: 750 × 750 × 750mm
- Warranty: 1 Year Service Warranty
- Recommended MCB : 32A
- Wiring From DB : 5 Core, 6Sq MM Wire
- Only SS430 grade vessel will work in this induction
- Ceramic cracking will not be considered in free service

Ideal: (Only vessel based cooking),Milk Boiling,Rice Cooking,Coffee Making,Bulk Tea Making

Commercial Induction 2 Zone Bulk Cook Top 1+1 (5 kW)

Model: HIKE-MZ 1+1 5kW

Product Details

- Capacity: 35 ltr + 35 ltr
- Power: 5kW+5kW
- Voltage: 220V, 1 Phase
- Brand: HIKE
- Body: Stainless Steel
- Top : Ceramic
- Equipment Size: 550 × 1100 × 550 mm
- Warranty: 1 Year Service Warranty
- Recommended MCB : 32A each*
- Wiring From DB : 3 Core, 4Sq MM Wire each*
- Only SS430 grade vessel will work in this induction
- Ceramic cracking will not be considered in free service

Ideal: (Only vessel based cooking),Milk Boiling,Rice Cooking,Coffee Making,Bulk Tea Making

Commercial Induction Induction 2 Zone Bulk Cook Top 1+1 (8 kW)

Model: HIKE-MZ 1+1 8kW

Product Details

- Capacity: 50 ltr + 50 ltr
- Power: 8+8kW
- Voltage: 440V, 3 Phase
- Brand: HIKE
- Body: Stainless Steel
- Top : Ceramic
- Equipment Size: 650 × 1400 × 650mm
- Warranty: 1 Year Service Warranty
- Recommended MCB : 32A each*
- Wiring From DB : 5 Core, 6Sq MM Wire*
- Only SS430 grade vessel will work in this induction
- Ceramic cracking will not be considered in free service

Ideal: (Only vessel based cooking),Milk Boiling,Rice Cooking,Coffee Making,Bulk Tea Making

Commercial Induction Tawa / Hot Plate

Model: HIKE-HP (28/53)

Product Details

- Capacity: 18 Piece Chapati
- Power: 15kW
- Voltage: 440V, 3 Phase
- Temperature Controller upto 300°
- Brand: HIKE
- Body: Stainless Steel
- Top Plate: MS Top
- Size L*W*H: 820 × 1400 × 900 mm
- Warranty: 1 Year Service Warranty
- Recommended MCB : 63A
- Wiring From DB : 5 Core, 6Sq MM Wire

Ideal: Dosa, Parota / Paratha, Omelette, Chapati (up to 18 pieces at a time)

Commercial Induction Tawa / Hot Plate

Model: HIKE-HP (33/33)

Product Details

- Capacity: 9 Piece Chapati
- Power: 8-10kW
- Voltage: 440V, 3 Phase
- Temperature Controller upto 300°
- Brand: HIKE
- Body: Stainless Steel
- Top Plate: MS Top
- Size L*W*H: 880 × 950 × 900 mm
- Warranty: 1 Year Service Warranty
- Recommended MCB : 32A
- Wiring From DB : 5 Core, 6Sq MM Wire

Ideal: Dosa, Parota / Paratha, Omelette, Chapati (up to 18 pieces at a time)

Commercial Induction Tawa / Hot Plate

Model: HIKE-HP (33/63)

Product Details

- Capacity: 32 Piece Chapati
- Power: 12+12kW
- 2 Zone Heating
- Voltage: 440V, 3 Phase
- Temperature Controller upto 300°
- Brand: HIKE
- Body: Stainless Steel
- Top Plate: MS Top
- Size L*W*H: 950 × 1600 × 900 mm
- Warranty: 1 Year Service Warranty
- Recommended MCB : 63A 2x
- Wiring From DB : 5 Core, 6Sq MM Wire

Ideal: Dosa, Parota / Paratha, Omelette, Chapati (up to 32 pieces at a time)

Commercial Induction KADAI/ OIL FRYER 20"

Model: HIKE-KD 20"

Product Details

- Capacity: 6-7 ltr Cooking -9 ltr Holding
- Power: 5kW
- Voltage: 220V, 1 Phase
- Temperature Controller upto 300°
- Brand: HIKE
- Body: Stainless Steel
- Fryer : Fixed
- Size L*W*H: 650 × 650 × 750 mm
- Warranty: 1 Year Service Warranty
- Recommended MCB : 32A
- Wiring From DB : 3 Core, 4Sq MM Wire

Ideal: Puri, Samosa, Vada, Bajji, Kabab, Gravy, Chips, etc (Many Oil Based Cookings)

Commercial Induction KADAI/ OIL FRYER 24"

Model: HIKE-KD 24"

Product Details

- Capacity: 12 ltr Cooking -19 ltr Holding
- Power: 8-10kW
- Voltage: 440V, 3 Phase
- Temperature Controller upto 300°
- Brand: HIKE
- Body: Stainless Steel
- Top Plate: MS Top
- Size L*W*H: 750× 750× 750mm
- Warranty: 1 Year Service Warranty
- Recommended MCB : 63A
- Wiring From DB : 5 Core, 6Sq MM Wire

Ideal: Puri,Samosa,Vada,Bajji,Kabab,Gravy,Chips, etc (Many Oil Based Cookings)

Commercial Induction KADAI/ OIL FRYER 28"

Model: HIKE-KD 28"

Product Details

- Capacity: 20 ltr Cooking -34 ltr Holding
- Power: 14kW
- Voltage: 440V, 3 Phase
- Temperature Controller upto 300°
- Brand: HIKE
- Body: Stainless Steel
- Fryer : Fixed
- Size L*W*H: 900×900×850 mm
- Warranty: 1 Year Service Warranty
- Recommended MCB : 64A
- Wiring From DB : 5 Core, 6Sq MM Wire

Ideal: Puri,Samosa,Vada,Bajji,Kabab,Gravy,Chips, etc (Many Oil Based Cookings)

Commercial Induction KADAI/ OIL FRYER 32"

Model: HIKE-KD 32"

Product Details

- Capacity: 30 ltr Cooking -35 ltr Holding
- Power: 20kW
- Voltage: 440V, 3 Phase
- Temperature Controller upto 300°
- Brand: HIKE
- Body: Stainless Steel
- Top Plate: MS Top
- Size L*W*H: 1020× 1260× 850mm
- Warranty: 1 Year Service Warranty
- Recommended MCB : 63A
- Wiring From DB : 5 Core, 6Sq MM Wire

Ideal: Puri, Samosa, Vada, Bajji, Kabab, Gravy, Chips, etc (Many Oil Based Cookings)

Commercial Induction KADAI/ OIL FRYER 36"

Model: HIKE-KD 36"

Product Details

- Capacity: 45 ltr Cooking -60 ltr Holding
- Power: 24kW
- Voltage: 440V, 3 Phase
- Temperature Controller upto 300°
- Brand: HIKE
- Body: Stainless Steel
- Fryer : Fixed
- Size L*W*H: 1120×1460×850 mm
- Warranty: 1 Year Service Warranty
- Recommended MCB : 63A
- Wiring From DB : 5 Core, 6Sq MM Wire

Ideal: Puri, Samosa, Vada, Bajji, Kabab, Gravy, Chips, etc (Many Oil Based Cookings)

Commercial Induction KADAI/ OIL FRYER 42"

Model: HIKE-KD 42"

Product Details

- Capacity: 75 ltr Cooking -120 ltr Holding
- Power: 32kW
- Voltage: 440V, 3 Phase
- Temperature Controller upto 300°
- Brand: HIKE
- Body: Stainless Steel
- Top Plate: MS Top
- Size L*W*H: 1150× 1750× 800mm
- Warranty: 1 Year Service Warranty
- Recommended MCB : 100A
- Wiring From DB : 5 Core, 10Sq MM Wire

Ideal: Puri,Samosa,Vada,Bajji,Kabab,Gravy,Chips, etc (Many Oil Based Cookings)

Commercial Induction KADAI/ OIL FRYER 48"

Model: HIKE-KD 48"

Product Details

- Capacity: 100 ltr Cooking -120 ltr Holding
- Power: 44kW
- Voltage: 440V, 3 Phase
- Temperature Controller upto 300°
- Brand: HIKE
- Body: Stainless Steel
- Fryer : Fixed
- Size L*W*H: 1300×1750×900 mm
- Warranty: 1 Year Service Warranty
- Recommended MCB : 100A
- Wiring From DB : 5 Core, 10Sq MM Wire

Ideal: Puri,Samosa,Vada,Bajji,Kabab,Gravy,Chips, etc (Many Oil Based Cookings)

Commercial Induction 2Zone Kadai+ Bulk Cooking

Model: HIKE-2Z K BC"

Product Details

- 1-Capacity: 12 ltr Cooking -19 ltr Holding
- 2-Capacity: Bulk Cooking 50 ltr Water Based
- Power: 8+8kW
- Voltage: 440V, 3 Phase
- Temperature Controller upto 300° Fryer
- Brand: HIKE
- Body: Stainless Steel
- Top Plate: Ceramic
- Size L*W*H:
- Warranty: 1 Year Service Warranty
- Recommended MCB : 64A 2x
- Wiring From DB : 5 Core, 6Sq MM Wire 3x

- Only SS430 grade vessel will work in this induction
- Ceramic cracking will not be considered in free service

Ideal: (Only vessel based cooking),Milk Boiling,Rice Cooking,Coffee Making,Bulk Tea Making

Ideal: Puri,Samosa,Vada,Bajji,Kabab,Gravy,Chips, etc (Many Oil Based Cookings)

Commercial Induction 3Zone (Bulk Cooking+ Oil Fryer)

Model: HIKE-KD 48"

Product Details

- 1-Capacity: 12 ltr Cooking -19 ltr Holding
- 2-Capacity: Bulk Cooking 50 ltr Water Based
- Power: 8kW 3x
- Voltage: 440V, 3 Phase
- Temperature Controller upto 300° Fryer
- Brand: HIKE
- Body: Stainless Steel
- Fryer: Fixed
- Top Plate: Ceramic
- Size L*W*H: 1300×1750×900 mm
- Warranty: 1 Year Service Warranty
- Recommended MCB : 64A 3x
- Wiring From DB : 5 Core, 6Sq MM Wire 3x

- Only SS430 grade vessel will work in this induction
- Ceramic cracking will not be considered in free service

Ideal: Puri,Samosa,Vada,Bajji,Kabab,Gravy,Chips, etc (Many Oil Based Cookings)

Ideal: (Only vessel based cooking),Milk Boiling,Rice Cooking,Coffee Making,Bulk Tea Making

Commercial Induction Chinese Wok 5 kW

Model: HIKE-CW 5kW

Product Details

- Capacity: 2-3 Rice
- Power: 5kW
- Voltage: 220V, 1 Phase
- Brand: HIKE
- Body: Stainless Steel
- Top : FRP Non Breakable
- Equipment Size: 500 × 500 × 800 mm
- Warranty: 1 Year Service Warranty
- Recommended MCB : 32A
- Wiring From DB : 3 Core, 4Sq MM Wire
- Only SS430 grade vessel will work in this induction
- FRP Breaking will not be considered in free service

Ideal: Chinese Foods, Noodles, Fried Rice, Gobi, Egg Rice, And Many Live Cooking Rice

Commercial Induction 2Zone Customised Chinese Wok 5+5 kW

Model: HIKE-2ZCW 5+5kW

Product Details

- Capacity: 2-3 Rice Each
- Power: 5+5kW
- Voltage: 220V, 1 Phase
- Brand: HIKE
- Body: Stainless Steel
- Top : FRP Non Breakable
- Equipment Size: -----
- Warranty: 1 Year Service Warranty
- Recommended MCB : 32A 2x
- Wiring From DB : 3 Core, 4Sq MM Wire 2x
- Only SS430 grade vessel will work in this induction
- FRP Breaking will not be considered in free service

Ideal: Chinese Foods, Noodles, Fried Rice, Gobi, Egg Rice, And Many Live Cooking Rice

Commercial Induction Idly Steamer 60

Model: HIKE-IS 60

Product Details

- Capacity: 60 Piece Idly / Batch
- Power: 5kW
- Voltage: 220V, 1 Phase
- Brand: HIKE
- Body: Stainless Steel
- Tray : SS -7 Nos , 9pie Each Tray
- Equipment Size: -----
- Warranty: 1 Year Service Warranty
- Recommended MCB : 32A
- Wiring From DB : 3 Core, 4Sq MM Wire
- Timings : 5-10 Mins/ Batch

Ideal: Idly , Dhokla & Khaman, Patra & Muthia, Idiyappam & Puttu, Momos & Dim Sum

Commercial Induction Idly Steamer 120

Model: HIKE-IS 120

Product Details

- Capacity: 120 Piece Idly / Batch
- Power: 10kW
- Voltage: 440V, 3 Phase
- Brand: HIKE
- Body: Stainless Steel
- Tray : SS -6 Nos , 20 pie Each Tray
- Size L*W*H: 650 × 550 × 1270 mm
- Warranty: 1 Year Service Warranty
- Recommended MCB : 32A 2x
- Wiring From DB : 5 Core, 6Sq MM Wire
- Timings : 5-10 Mins/ Batch

Ideal: Idly , Dhokla & Khaman, Patra & Muthia, Idiyappam & Puttu, Momos & Dim Sum

Commercial Induction Idly Steamer 240

Model: HIKE-IS 60

Product Details

- Capacity: 240 Piece Idly / Batch
- Power: 16kW
- Voltage: 440V, 3 Phase
- Brand: HIKE
- Body: Stainless Steel
- Tray : SS -12 Nos , 20pie Each Tray
- Size L*W*H: 650 × 550 × 1470 mm
- Warranty: 1 Year Service Warranty
- Recommended MCB : 63A
- Wiring From DB : 5 Core, 6Sq MM Wire
- Timings : 5-10 Mins/ Batch

Ideal: Idly , Dhokla & Khaman, Patra & Muthia, Idiyappam & Puttu, Momos & Dim Sum

Commercial Induction Idly Steamer 500

Model: HIKE-IS 120

Product Details

- Capacity: 500 Piece Idly / Batch
- Power: 30kW
- Voltage: 440V, 3 Phase
- Brand: HIKE
- Body: Stainless Steel
- Tray : SS -25 Nos , 20 pie Each Tray
- Size L*W*H: 650 × 1200 × 1270 mm
- Warranty: 1 Year Service Warranty
- Recommended MCB : 63A
- Wiring From DB : 5 Core, 6Sq MM Wire
- Timings : 5-10 Mins/ Batch

Ideal: Idly , Dhokla & Khaman, Patra & Muthia, Idiyappam & Puttu, Momos & Dim Sum

Commercial Induction Rice Boiler 100 L

Model: HIKE-RB100

Product Details

- Capacity: 20-25KG Raw Rice / 100 ltrs Water
- Power: 10-12 kW
- Voltage: 440V, 3 Phase
- Brand: HIKE
- Water Tap for In and Out
- Body: Stainless Steel
- 1 Size L*W*H: 650 × 550 × 1470 mm
Liver Tilting
- 2 Size L*W*H: 950 × 1510 × 1200 mm
Gear Tilting
- Warranty: 1 Year Service Warranty
- Recommended MCB : 63A
- Wiring From DB : 5 Core, 6Sq MM Wire
- Timings : 60-70 Mins/ Batch

Design

①

Design

②

Ideal: Rice, Sambar, Dal, Rasam, Gravy , Milk Boiling, Ect All Water Based Cooking

Commercial Induction Rice Boiler 150 L

Model: HIKE-RB150

Product Details

- Capacity: 150 ltrs Water/ 25-30KG Raw Rice
- Power: 12-14kW
- Voltage: 440V, 3 Phase
- Brand: HIKE
- Body: Stainless Steel
- Water Tap for In and Out
- Tilting : Gear Tilting / Motorised Tilting
- Size L*W*H: 950 × 1550 × 1200 mm
- Warranty: 1 Year Service Warranty
- Recommended MCB : 63A
- Wiring From DB : 5 Core, 6Sq MM Wire
- Timings : 60-70 Mins/ Batch

Ideal: Rice, Sambar, Dal, Rasam, Gravy , Milk Boiling, Ect All Water Based Cooking

Commercial Induction Rice Boiler 200 L

Model: HIKE-RB200

Product Details

- Capacity: 50KG Raw Rice / 200 ltrs Water
- Power: 20-24 kW
- Voltage: 440V, 3 Phase
- Brand: HIKE
- Water Tap for In and Out
- Body: Stainless Steel
- Size L*W*H: 950 × 1550 × 1300 mm
- Gear Tilting/Motorised Tilting
- Warranty: 1 Year Service Warranty
- Recommended MCB : 63A
- Wiring From DB : 5 Core, 6Sq MM Wire
- Timings : 60-70 Mins/ Batch

Ideal: Rice, Sambar, Dal, Rasam, Gravy , Milk Boiling, Ect All Water Based Cooking

Commercial Induction Rice Boiler 500 L

Model: HIKE-RB500

Product Details

- Capacity: 500 ltrs Water/ 100KG Raw Rice
- Power: 35-40kW
- Voltage: 440V, 3 Phase
- Brand: HIKE
- Body: Stainless Steel
- Water Tap for In and Out
- Tilting :Motorised Tilting(UP-DOWN)
- Size L*W*H:
- Warranty: 1 Year Service Warranty
- Recommended MCB : 100A
- Wiring From DB : 5 Core, 10Sq MM Wire
- Timings : 60-80 Mins/ Batch

Ideal: Rice, Sambar, Dal, Rasam, Gravy , Milk Boiling, Ect All Water Based Cooking

Commercial Induction Stockpot 100 L

Model: HIKE-SP100

Design ①

Design ②

Product Details

- Capacity: 100 ltrs Water
- Power: 10-12 kW
- Voltage: 440V, 3 Phase
- Brand: HIKE
- Water Tap for In and Out
- Body: Stainless Steel
- 1 Size L*W*H: 650 × 550 × 1470 mm
Liver Tilting
- 2 Size L*W*H: 950 × 1510 × 1200 mm
Gear Tilting
- Warranty: 1 Year Service Warranty
- Recommended MCB : 63A
- Wiring From DB : 5 Core, 6Sq MM Wire
- Timings : 60-70 Mins/ Batch

Ideal: Sambar, Dal, Rasam, Gravy , Milk Boiling, Ect Also Rice All Water Based Cooking

Commercial Induction Stockpot 150 L

Model: HIKE-SP150

Product Details

- Capacity: 150 ltrs Water
- Power: 12-14kW
- Voltage: 440V, 3 Phase
- Brand: HIKE
- Body: Stainless Steel
- Water Tap for In and Out
- Tilting : Gear Tilting / Motorised Tilting
- Size L*W*H: 950 × 1550 × 1200 mm
- Warranty: 1 Year Service Warranty
- Recommended MCB : 63A
- Wiring From DB : 5 Core, 6Sq MM Wire
- Timings : 60-70 Mins/ Batch

Ideal: Sambar, Dal, Rasam, Gravy , Milk Boiling, Also Rice Ect All Water Based Cooking

Commercial Induction Stockpot 200 L

Model: HIKE-SP200

Product Details

- Capacity: 200 ltrs Water
- Power: 20-24 kW
- Voltage: 440V, 3 Phase
- Brand: HIKE
- Water Tap for In and Out
- Body: Stainless Steel
- Size L*W*H: 950 × 1550 × 1300 mm
- Gear Tilting/Motorised Tilting
- Warranty: 1 Year Service Warranty
- Recommended MCB : 63A
- Wiring From DB : 5 Core, 6Sq MM Wire
- Timings : 60-70 Mins/ Batch

Ideal: Sambar, Dal, Rasam, Gravy , Milk Boiling, Also Rice Ect All Water Based Cooking

Commercial Induction Stockpot 500 L

Model: HIKE-SP500

Product Details

- Capacity: 500 ltrs Water
- Power: 35-40kW
- Voltage: 440V, 3 Phase
- Brand: HIKE
- Body: Stainless Steel
- Water Tap for In
- Tilting :Motorised Tilting(UP-DOWN)
- Size L*W*H:
- Warranty: 1 Year Service Warranty
- Recommended MCB : 100A
- Wiring From DB : 5 Core, 10Sq MM Wire
- Timings : 60-80 Mins/ Batch

Ideal: Sambar, Dal, Rasam, Gravy , Milk Boiling, Also Rice ,Ect All Water Based Cooking

Commercial Induction Bratt Pan 100 L

Model: HIKE-BP100

Product Details

- Capacity: 100 ltrs Water
- Power: 12-14 kW
- Voltage: 440V, 3 Phase
- Brand: HIKE
- Water Tap for In
- Body: Stainless Steel
- Size L*W*H: 950 × 1550 × 1150 mm
- Gear Tilting
- Warranty: 1 Year Service Warranty
- Recommended MCB : 63A
- Wiring From DB : 5 Core, 6Sq MM Wire
- Timings : 50-60 Mins/ Batch

Ideal: Sambar, Dal, Rasam, Gravy Ect All Water Based Cooking

Commercial Induction Bratt Pan 150 L

Model: HIKE-BP150

Product Details

- Capacity: 150 ltrs Water
- Power: 14-16 kW
- Voltage: 440V, 3 Phase
- Brand: HIKE
- Water Tap for In
- Body: Stainless Steel
- Size L*W*H: 950 × 1650 × 1150 mm
- Gear Tilting/Motorised Tilting
- Warranty: 1 Year Service Warranty
- Recommended MCB : 63A
- Wiring From DB : 5 Core, 6Sq MM Wire
- Timings : 50-60 Mins/ Batch

Ideal: Sambar, Dal, Rasam, Gravy ,Ect All Water Based Cooking

Commercial Induction Bratt Pan 200 L

Model: HIKE-BP200

Product Details

- Capacity: 200 ltrs Water
- Power: 25 kW
- Voltage: 440V, 3 Phase
- Brand: HIKE
- Water Tap for In
- Body: Stainless Steel
- Size L*W*H: 950 × 1750 × 1250 mm
- Gear Tilting/Motorised Tilting
- Warranty: 1 Year Service Warranty
- Recommended MCB : 63A
- Wiring From DB : 5 Core, 6Sq MM Wire
- Timings : 50-60 Mins/ Batch

Ideal: Sambar, Dal, Rasam, Gravy Ect All Water Based Cooking

Commercial Induction Bratt Pan 500 L

Model: HIKE-BP500

Product Details

- Capacity: 500 ltrs Water
- Power: 35-40 kW
- Voltage: 440V, 3 Phase
- Brand: HIKE
- Water Tap for In
- Body: Stainless Steel
- Size L*W*H:
 - Motorised Tilting
- Warranty: 1 Year Service Warranty
- Recommended MCB : 100A
- Wiring From DB : 5 Core, 10Sq MM Wire
- Timings : 50-60 Mins/ Batch

Ideal: Sambar, Dal, Rasam, Gravy ,Ect All Water Based Cooking

Commercial Induction Pav Bajji Tawa 28"

Model: HIKE-CKW 150

Product Details

- Capacity: 28" Size
- Power: 12 kW
- Voltage: 440V, 3 Phase
- Brand: HIKE
- Temperature Controller
- Size L*W*H: 750× 750× 750mm
- Body: Stainless Steel
- Hot Plate: Stainless Steel
- Warranty: 1 Year Service Warranty
- Recommended MCB : 63A
- Wiring From DB : 5 Core, 6Sq MM Wire

Ideal: Pav Bajji, Sabji, Parota, Egg Roll Parota, Chapati, Omlet Ect

Commercial Induction Cook Wok 200 L

Model: HIKE-CKW 200

Product Details

- Capacity: 200 ltrs Water
- Power: 25 kW
- Voltage: 440V, 3 Phase
- Brand: HIKE
- Body: Stainless Steel
- Motorised Rotation
- Speed Control
- Gear Tilting/Motorised Tilting
- Warranty: 1 Year Service Warranty
- Recommended MCB : 64A
- Wiring From DB : 5 Core, 6Sq MM Wire
- Timings : 50-60 Mins/ Batch

Ideal: Sambar, Curry , Subji, Dal, Rasam, Gravy Ect All Water Based Cooking

Commercial Induction Jilabi Kadai 24"

Model: HIKE-KD 20"

Product Details

- Capacity: 5 ltr Oil
- Power: 8kW
- Voltage: 440V, 3 Phase
- Temperature Controller upto 300°
- Brand: HIKE
- Body: Stainless Steel
- Fryer : Fixed
- Size L*W*H: 650 × 650 × 750 mm
- Warranty: 1 Year Service Warranty
- Recommended MCB : 64A
- Wiring From DB : 5 Core, 6Sq MM Wire

Ideal: Jilabi, Jangiri, etc (Many Oil Based Cookings)

Commercial Induction Jilabi Kadai 28"

Model: HIKE-KD 28"

Product Details

- Capacity: 10-15 Ltr
- Power: 14 kW
- Voltage: 440V, 3 Phase
- Temperature Controller upto 300°
- Brand: HIKE
- Body: Stainless Steel
- Fryer : Fixed
- Size L*W*H: 900×900×850 mm
- Warranty: 1 Year Service Warranty
- Recommended MCB : 64A
- Wiring From DB : 5 Core, 6Sq MM Wire

Ideal: Jilabi, Jangiri, etc (Many Oil Based Cookings)

Commercial Induction Drum Roaster 10KG

Model: HIKE-DR 10

Product Details

- Capacity: 10KG Peanut
- Power: 5kW
- Voltage: 220V, 1 Phase
- Brand: HIKE
- Body: MS
- Drum : Stainless Steel
- Size L*W*H: 900 × 1200 × 1200 mm
- Gear Tilting
- Motorised Rotation
- Temperature Controller upto 300°
- Warranty: 1 Year Service Warranty
- Recommended MCB : 32A
- Wiring From DB : 3 Core, 4Sq MM Wire

Ideal: Peanuts, Ground Nuts, Makana, Chilli, Menthi, Jeera, Almonds, Cashew nut, Sault Roasting, Masala Items, Ragi, fenugreek, Namkeen Seeds, Sunflower Seeds.

Commercial Induction Drum Roaster 25KG

Model: HIKE-DR 25

Product Details

- Capacity: 25 KG Peanut
- Power: 8kW
- Voltage: 440V, 3 Phase
- Brand: HIKE
- Body: MS
- Drum : Stainless Steel
- Gear Tilting
- Motorised Rotation
- Size L*W*H: 1200 x 1600 x 1400mm
- Warranty: 1 Year Service Warranty
- Recommended MCB : 64A
- Wiring From DB : 5 Core, 6Sq MM Wire

Ideal: Peanuts, Ground Nuts, Makana, Chilli, Menthi, Jeera, Almonds, Cashew nut, Sault Roasting, Masala Items, Ragi, fenugreek, Namkeen Seeds, Sunflower Seeds.

Commercial Induction Drum Roaster 50KG

Model: HIKE-DR 50

Product Details

- Capacity: 50 KG Peanut
- Power: 20-25kW
- Voltage: 440V, 3 Phase
- Brand: HIKE
- Body: MS
- Drum : Stainless Steel
- Motorised Tilting
- Motorised Rotation
- Size L*W*H: 1200 x 1600 x 1400mm
- Warranty: 1 Year Service Warranty
- Recommended MCB : 64A
- Wiring From DB : 5 Core, 6Sq MM Wire

Ideal: Peanuts, Ground Nuts, Makana, Chilli, Menthi, Jeera, Almonds, Cashew nut, Sault Roasting, Masala Items, Ragi, fenugreek, Namkeen Seeds, Sunflower Seeds.

Commercial Induction Drum Roaster 100KG

Model: HIKE-DR 100

Product Details

- Capacity: 100 KG Peanut
- Power: 30-35kW
- Voltage: 440V, 3 Phase
- Brand: HIKE
- Body: MS
- Drum : Stainless Steel
- Motorised Tilting
- Motorised Rotation
- Size L*W*H: 1850 x 2300 x 2100mm
- Warranty: 1 Year Service Warranty
- Recommended MCB : 100A
- Wiring From DB : 5 Core, 10Sq MM Wire

Ideal: Peanuts, Ground Nuts, Makana, Chilli, Menthi, Jeera, Almonds, Cashew nut, Sault Roasting, Masala Items, Ragi, fenugreek, Namkeen Seeds, Sunflower Seeds.

Commercial Induction SAND Roaster 200KG

Model: HIKE-SR 200

Product Details

- Capacity: 200 KG Peanut
- Power: 30-35kW
- Voltage: 440V, 3 Phase
- Brand: HIKE
- Body: MS
- Motorised Rotation
- Warranty: 1 Year Service Warranty
- Recommended MCB : 100A
- Wiring From DB : 5 Core, 10Sq MM Wire

Ideal: Peanuts, Ground Nuts, Makana, Chilli, Menthi, Jeera, Almonds, Cashew nut, Sault Roasting, All Sand Roaster

Commercial Induction Continues Roaster 1000KG

Model: HIKE-CR 1000

Product Details

- Capacity: 200-1000 KG Peanut/Hr
- Power: 40-70kW /Section Wise
- Voltage: 440V, 3 Phase
- Brand: HIKE
- Body: Stainless Steel
- Drum : Stainless Steel
- Motorised Tilting
- Motorised Rotation
- Warranty: 1 Year Service Warranty
- Recommended MCB : 100A
- Wiring From DB : 5 Core, 10Sq MM Wire

Ideal: Peanuts, Ground Nuts, Makana, Chilli, Menthi, Jeera, Almonds, Cashew nut, Sault Roasting, Masala Items, Ragi, fenugreek, Namkeen Seeds, Sunflower Seeds.

Commercial Induction Kowa Machine

Model: HIKE-KM 200

Product Details

- Capacity: 50-200 kg
- Power: 15-40kW
- Voltage: 440V, 3 Phase
- Brand: HIKE
- Body: MS
- Drum : Stainless Steel
- Motorised Tilting/ Gear
- Motorised Rotation
- Warranty: 1 Year Service Warranty
- Recommended MCB : 64A -100A
- Wiring From DB : 5 Core, 6-10Sq MM Wire

Ideal: Kowa, Peda, Sweet Mixing, ect .

Commercial Dehydration /Heat pump Technology

Model: HIKE-HP 50

Product Details

- Capacity: 35-40 kg/batch
- Power: 1kW
- Voltage: 240V, 50Hz
- Brand: HIKE
- Min Temp: 15°C
- Max Temp: 75°C
- Body: MS
- Drum : Stainless Steel
- No of Trays: 10 Trays
- Warranty: 1 Year Service Warranty
- Recommended MCB : 32A
- Wiring From DB : 3 Core, 4Sq MM Wire

Ideal: Dehydrators are used for drying Fruits, Vegetables, Flowers, Leaves, Meat, Pet treats, Herbs, Spices, Nuts, Seeds Seafood Etc.

Commercial Dehydration /Heat pump Technology

Model: HIKE-KM 100

Product Details

- Capacity: 35-40 kg/batch
- Power: 2kW
- Voltage: 240V, 50Hz
- Brand: HIKE
- Min Temp: 15°C
- Max Temp: 75°C
- Body: MS
- Drum : Stainless Steel
- No of Trays: 20 Trays
- Warranty: 1 Year Service Warranty
- Recommended MCB : 32A
- Wiring From DB : 3 Core, 4Sq MM Wire

Ideal: Dehydrators are used for drying Fruits, Vegetables, Flowers, Leaves, Meat, Pet treats, Herbs, Spices, Nuts, Seeds Seafood Etc.

Commercial Dehydration /Heat pump Technology

Model: HIKE-HP 250

Product Details

- Capacity: 200-250 kg/batch
- Power: 8kW
- Voltage: 240V, 50Hz
- Brand: HIKE
- Drying Temp: 40-70°C
- Min Temp: 15°C
- Max Temp: 75°C
- Body: MS
- Drum : Stainless Steel
- No of Trays: 32 Trays
- Warranty: 1 Year Service Warranty
- Recommended MCB : 32A
- Wiring From DB : 3 Core, 4Sq MM Wire

Ideal: Dehydrators are used for drying Fruits, Vegetables, Flowers, Leaves, Meat, Pet treats, Herbs, Spices, Nuts, Seeds Seafood Etc.

ADVANTAGES:

· **Energy Efficiency**

Induction cooktops use electromagnetic energy to directly heat cookware, reducing energy loss.

Faster heating times mean less energy consumption compared to gas or traditional electric stoves.

· **Faster Cooking**

Induction cooking heats cookware almost instantly, cutting down cooking time significantly.

Boils water nearly twice as fast as gas or electric stoves.

· **Safety Features**

No open flames, reducing fire hazards.

The cooktop stays cool since heat is only transferred to the pan.

Auto shut-off and pan detection features prevent accidental burns.

· **Precise Temperature Control**

Allows for more accurate heat adjustments compared to gas stoves.

Ideal for tasks requiring precision, like melting chocolate or simmering delicate sauces.

· **Easy to Clean**

Since the surface remains cool, spills don't burn onto it, making cleaning effortless.

Smooth glass surface requires only a quick wipe.

· **Better Kitchen Environment**

Generates less heat, keeping the kitchen cooler.

No gas combustion means improved indoor air quality.

· **Modern Aesthetic & Space Saving**

Sleek, flat surfaces enhance kitchen design.

Portable induction cooktops save space and can be used anywhere with a power outlet

· **Sustainability & Eco-Friendliness**

Reduces carbon footprint by being more energy-efficient than gas.

No gas leaks or emissions, making it a cleaner choice for the environment.

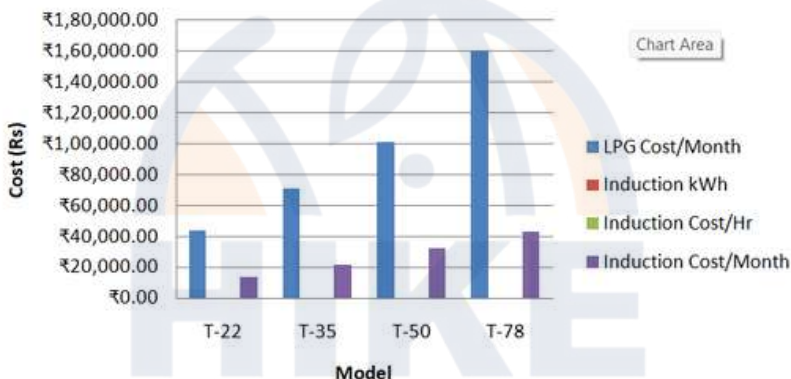

We Provide Service for All Types of
Commercial Induction Kitchen
Equipments – Any Brand, Any Make.

Commercial Induction Cook Tops Vs LPG Burners Comparison Chart

Professional LPG vs Induction Cost Comparison							
LPG Rate: 150 Rs/kg		Electricity Rate: 8.92Rs/unit					
Burner Model	LPG Cons./Hr	LPG Cost/Hr	LPG Cost/Month	Induction kWh	Induction Cost/Hr	Induction Cost/Month	Monthly Savings
T-22	0.98	₹147.00	₹44,100.00	5kWh	₹44.60	₹13,380.00	₹30,720.00
T-35	1.58	₹237.00	₹71,100.00	8kWh	₹71.36	₹21,408.00	₹49,692.00
T-50	2.24	₹336.00	₹1,00,800.00	12kWh	₹107.04	₹32,112.00	₹68,688.00
T-78	3.56	₹534.00	₹1,60,200.00	16kWh	₹142.72	₹42,816.00	₹1,17,384.00
Yearly Savings Summary							
Model	Yearly Savings	Savings %	Remark				
5 kWh	₹3,68,640.00	69.7%	Excellent				
8 kWh	₹5,96,304.00	69.9%	Excellent				
12 kWh	₹8,24,256.00	68.1%	Excellent				
16 kWh	₹14,08,608.00	73.3%	Best ROI
